THE WESTGATE CENTRE

The Westgate Centre offers 200 shops, a swimming pool, restaurants, a bowling alley and two night clubs as well as 30 acres of parkland with three lakes.

Opening hours

<u>Shops</u>	Mon – Fri 10 am – 9 pm
	Sat 9 am – 8 pm
	Sun 10 am – 5 pm
<u>Park</u>	9 am – 4.30 pm in winter
	9 am – 7 pm in summer

We have thousands of visitors every day. As our busiest day of the week is Friday, come on a Monday or Tuesday if you don't like crowded places.

Inside the centre

When you arrive, go to one of our information offices to get a map. There is one by the main bus stop and another at the bottom of the escalator which goes up to the cinema.

The shops are all on the ground floor and you will find everything from furniture stores to clothes shops and department stores as well as restaurants, a bowling alley and a swimming pool. On the first floor you will find a 12 – screen cinema and two nightclubs. If you wish, you can buy tickets for all of these facilities and activities except the nightclubs from the information centres. Before 5 pm, tickets to all facilities and activities are cheaper for students and the over-sixties.

Outside the centre

Make time to visit the 30 acres of parkland which surround the centre. You can hire boats for up to six people and take out onto one of the lakes for £12 an hour.

You can hire bicycles every day for £6 an hour. There are 4 kms of paths but you can't take hired bicycles out of the park.

Travel

The centre is located one mile from the motorway M49. Just follow the signs from Junction 13. There is free parking for 10,000 cars and there are six car parks. The furthest car parking space is only five minutes' walk away from each entrance. Remember where your car is parked by looking at the coloured signs – no car park uses the same colour and each level in the car parks is numbered.

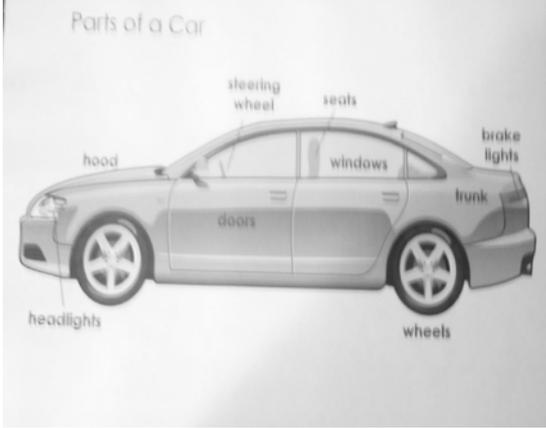

It is just as easy to visit the centre by train. There is a train every 15 minutes from Central London. When you reach Barnwell railway station, get on a number 19 bus to the centre. It is a five-minute journey and there is a bus every 15 minutes.

30. – 34. Sorular

Metni okuyarak **A, B, C** ve **D** seçeneklerinden doğru olanı cevap kağıdınızda işaretleyiniz.

Dream Job

Since 1969, Mark Harris has designed toy cars for a famous toy manufacturer. When he started, he was the only man in the department, but now is the manager of 35 designers.

Mark first got interested in cars when he was a teenager. His dad was a football coach and one day he took a car magazine away from one of his players during a practice session. He brought it home and gave it to Mark. From that moment on, cars became the love of Mark's life. He studied car design at

university and then worked for a car company designing real cars. Later, he joined the toy company and started the design department with a friend.

He has designed a lot of cars, but his favourite is the Silver Sunrise. It wasn't as popular as some other cars, but it is important to Mark because it looked like a real car. 'Before that, the wheels on all the cars stuck out so they would go straight,' explained Mark. 'The Silver Sunrise was the first one where the wheels were under the body. It meant it didn't work so well on a race track but it looked amazing.'

Now in his 60s, Mark is going to retire. He thinks it is difficult. 'I have expensive hobbies, so it might be difficult to continue with them when I am not earning money! Also, I like coming in to work. So, I will retire part time and work part time in this company.'

30 In this text, the writer...

- A** is giving information about how to become a toy designer.
- B** is describing the career of one successful toy designer.
- C** wants people to think of a career as a toy designer.
- D** is saying how to become a good toy designer.

31 Mark first became interested in cars

- A** after reading about them.
- B** while he was at university.
- C** when his father began to talk about them.
- D** by talking to someone from his football team.

32 Why does Mark like the Silver Sunrise so much?

- A It is his best design.
- B It is very easy to play with.
- C It is more realistic than his earlier designs.
- D It is the first toy car he ever designed.

33 What does Mark say about retiring?

- A He has no plans to retire in the near future.
- B He would prefer not to give up work completely.
- C He is looking forward to taking up some new hobbies.
- D He has saved enough money to follow his interests.

34 What would Mark say about his job?

A

I'll miss everyone when I leave because I'll never see them again.

B

As soon as I saw the advertisement for this job I knew it was for me. Luckily the company agreed!

C

I'm proud of all the models I've designed. I'm sorry that I never worked with real cars!

D

My university education and earlier work experience have been very helpful in my job. I'm happy to see that the design department has developed over the years.

The teenagers below are looking for a book to read over the summer holidays. On the next page there are descriptions of eight books. Decide which book is the most suitable for the teenagers to read. For questions 1-5, mark the correct letter (A-H). (There are three extra books!)

41 Philip likes mysteries with surprising endings. He enjoys trying to solve the crime and mystery. He would like the story to be current, though, as he doesn't like historical novels.

42 Debbie enjoys reading stories about people her own age. She wants a book to be modern and exciting. She is rather musical and likes anything to do with music or dance.

43 Peter likes reading but he doesn't like reading novels. He is particularly interested in history. He collects model planes and likes anything to do with aero planes.

44 Jasmine loves art and design and would like to be an architect when she grows up. She enjoys reading non-fiction books, especially ones with photographs in them.

45 Rebecca enjoys fantasy books. She also likes thrillers, especially one with unexpected endings. She would like the characters in the book to be young.

A *Time to play*

At the high school for the Performing Arts, talented young students get training to become actors, dancers or musicians. This action-packed story follows the lives of four teenagers from the time when they audition to get into the school to the day of their graduation. Read about their successes and their disappointments.

B *The world's Greatest Buildings*

This big beautiful book contains pictures of some of the most extraordinary buildings in the world. From ancient temples to twenty-first century skyscrapers and everything in between. The photographs will impress you because you will see all the interesting information about each building.

C *The Hacker*

Jill is a computer hacker who spends her time spying on other people through their computer. Her life turns upside down when one day she receives a mysterious letter in the post. It seems someone has been spying on her. But who is the person and what do they want from Jill? You will try to guess this exciting mystery till the very end.

D *The Plane*

On a flight to Montreal, one by one the passengers begin to fall seriously ill. Tim Burrows, a medical student, tries to find out what the problem is. But he may be too late – both pilots are also affected. In this exciting thriller, a man races against the clock to save the lives of the people on board flight 341. If he doesn't manage it on time, they will all die.

E *Murder in the family*

The Cartwright family has never been close but on a cold November night, someone kills uncle Frank in his bed and they all gather for the first time in years at the family mansion. Set in 1930s England, this exciting new novel from crime writer Jessica Smith will excite all crime fiction fans.

F *The Neighbor*

Hannah Philips has always been a little bit different. She has never really fitted in with the rest of the kids at her high school. Her life changes dramatically, though, when she meets Tom, a mysterious new neighbor. Tom is not like the other students at the school. He has a secret and Hannah is dying to find out what it is.

G *Up in the air*

If aeronautical design fascinates you, then this book is for you. From the first tween engines to the latest 600-seat passenger planes, this book contains them all. There is plenty of interesting historical information and detailed designs of the interiors and engines of each plane.

H *Make your own*

For all those interested in making their own models of ships, planes or cars, this book has it all. With detailed instructions, clear step-by-step pictures, you can't go wrong. There is also information about where to find the materials you will need and how to go about showing your models.
